

Curriculum Plans for Year 3/4

Year A

	AUTUMN	SPRING	SUMMER
Topic	The Romans	World Climates	Our Local Area
English	<p>Stories with familiar settings</p> <p>Information Texts</p> <p>Letter Writing</p> <p>Characterisation / Story Writing</p>	<p>Stories from other cultures</p> <p>Reports / Persuasive arguments</p> <p>Reading / Writing poetry</p> <p>Adventure Stories</p> <p>Instructional Texts</p>	<p>Traditional stories and playscripts</p> <p>Poems to perform</p> <p>Newspaper reports</p>
Year 3			
Grammar	<p>Formation of nouns using a range of prefixes [for example super-, anti-, auto-] Use of the forms a or an according to whether the next word begins with a consonant or a vowel [for example, a rock, an open box] Word families based on common words, showing how words are related in form and meaning [for example, solve, solution, solver, dissolve, insoluble]</p> <p>Expressing time, place and cause using conjunctions [for example, when, before, after, while, so, because], adverbs [for example, then, next, soon, therefore], or prepositions [for example, before, after, during, in, because of]</p> <p>Introduction to paragraphs as a way to group related material Headings and sub-headings to aid presentation Use of the present perfect form of verbs instead of the simple past [for example, He has gone out to play contrasted with He went out to play]</p> <p>Introduction to inverted commas to punctuate direct speech</p> <p>preposition, conjunction, word family, prefix, clause, subordinate clause ,direct speech ,consonant, consonant letter, vowel, vowel letter, inverted commas (or 'speech marks')</p>		
Year 4			
Grammar	<p>The grammatical difference between plural and possessive –s Standard English forms for verb inflections instead of local spoken forms [for example, we were instead of we was, or I did instead of I done]</p> <p>Noun phrases expanded by the addition of modifying adjectives, nouns and preposition phrases (e.g. the teacher expanded to: the strict maths teacher with curly hair) Fronted adverbials [for example, Later that day, I heard the bad news.]</p> <p>Use of paragraphs to organise ideas around a theme. Appropriate choice of pronoun or noun within and across sentences to aid cohesion and avoid repetition</p> <p>Use of inverted commas and other punctuation to indicate direct speech [for example, a comma after the reporting clause; end punctuation within inverted commas: The conductor shouted, "Sit down!"] Apostrophes to mark plural possession [for example, the girl's name, the girls' names] Use of commas after fronted adverbials</p> <p>Determiner, pronoun, possessive pronoun ,adverbial</p>		

Curriculum Plans for Year 3/4

Year A

Spelling	English NC Appendix 1: Spelling	
Year 3		
Maths	Number and place value	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> ● count from 0 in multiples of 4, 8, 50 and 100; find 10 or 100 more or less than a given number ● recognise the place value of each digit in a three-digit number (hundreds, tens, ones) ● compare and order numbers up to 1000 ● identify, represent and estimate numbers using different representations ● read and write numbers up to 1000 in numerals and in words ● solve number problems and practical problems involving these ideas
	Addition and subtraction	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> ● add and subtract numbers mentally, including: <ul style="list-style-type: none"> ○ a three-digit number and ones ○ a three-digit number and tens ○ a three-digit number and hundreds ● add and subtract numbers with up to three digits, using formal written methods of columnar addition and subtraction ● estimate the answer to a calculation and use inverse operations to check answers ● solve problems, including missing number problems, using number facts, place value, and more complex addition and subtraction
	Multiplication and division	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> ● recall and use multiplication and division facts for the 3, 4 and 8 multiplication tables ● write and calculate mathematical statements for multiplication and division using the multiplication tables that they know, including for two-digit numbers times one-digit numbers, using mental and progressing to formal written methods ● solve problems, including missing number problems, involving multiplication and division, including positive integer scaling problems and correspondence problems in which n objects are connected to m objects
	Fractions (inc decimals and percentages)	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> ● count up and down in tenths; recognise that tenths arise from dividing an object into 10 equal parts and in dividing one-digit numbers or quantities by 10 ● recognise, find and write fractions of a discrete set of objects: unit fractions and non-unit fractions with small denominators ● recognise and use fractions as numbers: unit fractions and non-unit fractions with small denominators ● recognise and show, using diagrams, equivalent fractions with small denominators ● add and subtract fractions with the same denominator within one whole [for example, $\frac{5}{7} + \frac{1}{7} = \frac{6}{7}$] ● compare and order unit fractions, and fractions with the same denominators ● solve problems that involve all of the above

Curriculum Plans for Year 3/4

Year A

	Measurement	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> ● measure, compare, add and subtract: lengths (m/cm/mm); mass (kg/g); volume/capacity (l/ml) ● measure the perimeter of simple 2-D shapes ● add and subtract amounts of money to give change, using both £ and p in practical contexts ● tell and write the time from an analogue clock, including using Roman numerals from I to XII, and 12-hour and 24-hour clocks ● estimate and read time with increasing accuracy to the nearest minute; record and compare time in terms of seconds, minutes and hours; use vocabulary such as o'clock, a.m./p.m., morning, afternoon, noon and midnight ● know the number of seconds in a minute and the number of days in each month, year and leap year ● compare durations of events [for example to calculate the time taken by particular events or tasks]
	Geometry	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> ● draw 2-D shapes and make 3-D shapes using modelling materials; recognise 3-D shapes in different orientations and describe them ● recognise angles as a property of shape or a description of a turn ● identify right angles, recognise that two right angles make a half-turn, three make three quarters of a turn and four a complete turn; identify whether angles are greater than or less than a right angle ● identify horizontal and vertical lines and pairs of perpendicular and parallel lines
	Statistics	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> ● interpret and present data using bar charts, pictograms and tables ● solve one-step and two-step questions [for example, 'How many more?' and 'How many fewer?'] using information presented in scaled bar charts and pictograms and tables
Year 4		
	Number and place value	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> ● count in multiples of 6, 7, 9, 25 and 1000 ● find 1000 more or less than a given number ● count backwards through zero to include negative numbers ● recognise the place value of each digit in a four-digit number (thousands, hundreds, tens, and ones) ● order and compare numbers beyond 1000 ● identify, represent and estimate numbers using different representations ● round any number to the nearest 10, 100 or 1000 ● solve number and practical problems that involve all of the above and with increasingly large positive numbers ● read Roman numerals to 100 (I to C) and know that over time, the numeral system changed to include the concept of zero and place value
	Addition and subtraction	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> ● add and subtract numbers with up to 4 digits using the formal written methods of columnar addition and subtraction where appropriate ● estimate and use inverse operations to check answers to a calculation ● solve addition and subtraction two-step problems in contexts, deciding which operations and methods to use and why

Curriculum Plans for Year 3/4

Year A

	Multiplication and division	<p>Pupils should be taught to:</p> <ul style="list-style-type: none">● recall multiplication and division facts for multiplication tables up to 12×12● use place value, known and derived facts to multiply and divide mentally, including: multiplying by 0 and 1; dividing by 1; multiplying together three numbers● recognise and use factor pairs and commutativity in mental calculations● multiply two-digit and three-digit numbers by a one-digit number using formal written layout● solve problems involving multiplying and adding, including using the distributive law to multiply two digit numbers by one digit, integer scaling problems and harder correspondence problems such as n objects are connected to m objects
	Fractions (inc decimals and percentages)	<p>Pupils should be taught to:</p> <ul style="list-style-type: none">● recognise and show, using diagrams, families of common equivalent fractions● count up and down in hundredths; recognise that hundredths arise when dividing an object by one hundred and dividing tenths by ten● solve problems involving increasingly harder fractions to calculate quantities, and fractions to divide quantities, including non-unit fractions where the answer is a whole number● add and subtract fractions with the same denominator● recognise and write decimal equivalents of any number of tenths or hundredths● recognise and write decimal equivalents to $\frac{1}{4}$, $\frac{1}{2}$, $\frac{3}{4}$● find the effect of dividing a one- or two-digit number by 10 and 100, identifying the value of the digits in the answer as ones, tenths and hundredths● round decimals with one decimal place to the nearest whole number● compare numbers with the same number of decimal places up to two decimal places● solve simple measure and money problems involving fractions and decimals to two decimal places
	Measurement	<p>Pupils should be taught to:</p> <ul style="list-style-type: none">● convert between different units of measure [for example, kilometre to metre; hour to minute]● measure and calculate the perimeter of a rectilinear figure (including squares) in centimetres and metres● find the area of rectilinear shapes by counting squares● estimate, compare and calculate different measures, including money in pounds and pence● read, write and convert time between analogue and digital 12- and 24-hour clocks● solve problems involving converting from hours to minutes; minutes to seconds; years to months; weeks to days
	Geometry	<p>Pupils should be taught to:</p> <ul style="list-style-type: none">● compare and classify geometric shapes, including quadrilaterals and triangles, based on their properties and sizes● identify acute and obtuse angles and compare and order angles up to two right angles by size● identify lines of symmetry in 2-D shapes presented in different orientations● complete a simple symmetric figure with respect to a specific line of symmetry● describe positions on a 2-D grid as coordinates in the first quadrant

Curriculum Plans for Year 3/4

Year A

		<ul style="list-style-type: none"> describe movements between positions as translations of a given unit to the left/right and up/down plot specified points and draw sides to complete a given polygon 		
	Statistics	<p>Pupils should be taught to:</p> <ul style="list-style-type: none"> interpret and present discrete and continuous data using appropriate graphical methods, including bar charts and time graphs solve comparison, sum and difference problems using information presented in bar charts, pictograms, tables and other graphs 		
Science (inc working scientifically)	Animals, including Humans	Living Things and their Habitats	States of Matter	Plants
	<ul style="list-style-type: none"> identify that animals, including humans, need the right types and amount of nutrition, and that they cannot make their own food; they get nutrition from what they eat identify that humans and some other animals have skeletons and muscles for support, protection and movement describe the simple functions of the basic parts of the digestive system in humans identify the different types of teeth in humans and their simple functions 	<ul style="list-style-type: none"> recognise that living things can be grouped in a variety of ways explore and use classification keys to help group, identify and name a variety of living things in their local and wider environment recognise that environments can change and that this can sometimes pose dangers to living things construct and interpret a variety of food chains, identifying producers, predators and prey compare and group materials together, according to whether they are solids, liquids or gases observe that some materials change state when they are heated or cooled, and measure or research the temperature at which this happens in degrees Celsius (°C) identify the part played by evaporation and condensation in the water cycle and associate the rate of evaporation with temperature 		
History	The Romans The Roman Empire and its Impact on Britain			

Curriculum Plans for Year 3/4

Year A

Geography		<p style="text-align: center;">World climates</p> <p>Locational knowledge</p> <ul style="list-style-type: none"> identify the position and significance of the Equator, Northern Hemisphere, Southern Hemisphere, the Tropics of Cancer and Capricorn, Arctic and Antarctic Circle <p>Human and physical geography</p> <ul style="list-style-type: none"> describe and understand key aspects of physical geography, including climate zones and the water cycle <p>Geographical Skills and Fieldwork</p> <ul style="list-style-type: none"> use maps, atlases, globes and digital / computer mapping to locate countries and describe features studied 	<p style="text-align: center;">Compton - Local area study</p> <p>Locational knowledge</p> <ul style="list-style-type: none"> name and locate counties and cities of the UK <p>Place knowledge:</p> <ul style="list-style-type: none"> understand geographical similarities and differences through the study of human and physical geography of a region of the UK <p>Human and physical geography</p> <ul style="list-style-type: none"> describe and understand key aspects of human geography including types of settlement and land use <p>Geographical skills and fieldwork</p> <ul style="list-style-type: none"> use maps, atlases, globes and digital / computer mapping to locate countries and describe features studied use eight points of the compass, symbols and keys to build their knowledge of the UK use fieldwork to observe, measure and record the human and physical features in the local area using a range of methods, including sketch maps, plans, graphs and digital technologies
Religious Education	<p>Inspirational People (Christianity & Islam) Christmas</p>	<p>Religion & the Individual (Christianity & Islam) Easter</p>	<p>Religion & the Community (Christianity & Islam) Y3 Visit to Emmanuel</p>

Curriculum Plans for Year 3/4

Year A

Computing	Understanding algorithms Research and presentation skills Working collaboratively to create a website	Programming – start moving Recording and manipulating data in spreadsheets Research and present information Geometry and Art	Programming – Animations Mapping our local area
	<ul style="list-style-type: none"> ● use logical reasoning to explain how some simple algorithms work and to detect and correct errors in algorithms and programs ● select, use and combine a variety of software (including internet services) on a range of digital devices to accomplish given goals, including collecting, analysing, evaluating and presenting data and information ● use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify ways in which to report concerns about content and contact ● understand computer networks including the internet; how they can provide multiple services, such as the world-wide web; and the opportunities they offer for communication and collaboration 	<ul style="list-style-type: none"> ● design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts ● use sequence, selection, and repetition in programs ● use logical reasoning to explain how some simple algorithms work and to detect and correct errors in algorithms and programs ● select, use and combine a variety of software (including internet services) on a range of digital devices to accomplish given goals, including collecting, analysing, evaluating and presenting data and information ● use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify ways in which to report concerns about content and contact 	<ul style="list-style-type: none"> ● design, write and debug programs that accomplish specific goals, including controlling or simulating physical systems; solve problems by decomposing them into smaller parts ● use sequence, selection, and repetition in programs ● use logical reasoning to explain how some simple algorithms work and to detect and correct errors in algorithms and programs ● select, use and combine a variety of software (including internet services) on a range of digital devices to accomplish given goals, including collecting, analysing, evaluating and presenting data and information ● use technology safely, respectfully and responsibly; recognise acceptable/unacceptable behaviour; identify ways in which to report concerns about content and contact
Music	Year 3: First Access Recorder Provision		
	<ul style="list-style-type: none"> ● play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression ● improvise and compose music for a range of purposes using the interrelated dimensions of music ● listen with attention to detail and recall sounds with increasing aural memory ● use and understand staff and other musical notations ● appreciate and understand a wide range of high quality live and recorded music 		

Curriculum Plans for Year 3/4

Year A

Year 4: First Access Strings Provision			
	<ul style="list-style-type: none"> ● play and perform in solo and ensemble contexts, using their voices and playing musical instruments with increasing accuracy, fluency, control and expression ● improvise and compose music for a range of purposes using the interrelated dimensions of music ● listen with attention to detail and recall sounds with increasing aural memory ● use and understand staff and other musical notations ● appreciate and understand a wide range of high quality live and recorded music 		
Physical Education	Invasion Games: Netball / Football Gym: Steady as a Rock Dance: skeletons dance	REAL PE Unit 2 and 5 Gym: Get a Jump on	Tennis / Kwik Cricket REAL PE Unit 3 Gym: Let's get moving Y4 Residential (Outdoor Education)
	<ul style="list-style-type: none"> ● use running, jumping, throwing and catching in isolation and in combination. ● play competitive games, modified where appropriate and apply basic principles suitable for attacking and defending ● develop flexibility, strength, technique, control and balance ● perform dances using a range of movements patterns ● compare their performances with previous ones and demonstrate improvement to achieve their personal best 	<ul style="list-style-type: none"> ● use running, jumping, throwing and catching in isolation and in combination ● play competitive games, modified where appropriate and apply basic principles suitable for attacking and defending ● develop flexibility, strength, technique, control and balance ● compare their performances with previous ones and demonstrate improvement to achieve their personal best 	<ul style="list-style-type: none"> ● use running, jumping, throwing and catching in isolation and in combination ● play competitive games, modified where appropriate and apply basic principles suitable for attacking and defending ● develop flexibility, strength, technique, control and balance ● compare their performances with previous ones and demonstrate improvement to achieve their personal best ● take part in outdoor and adventurous activity challenges, both individually and within a team
Art	Drawing Exploring mosaics through a range of media	Mixed media landscapes	Study of a local artist (Brian Pollard)
	<ul style="list-style-type: none"> ● to create sketch books to record their observations and use them to review and revisit ideas ● to improve their mastery of art and design techniques including drawing painting and sculpture with a range of materials ● about great artists, architects and designers in history 		

Curriculum Plans for Year 3/4

Year A

	Pop up mechanisms	Moving Toys	
Design & Technology	<p>Design</p> <ul style="list-style-type: none"> ● use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose, aimed at particular individuals or groups. ● generate, develop, model and communicate their ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces <p>Make</p> <ul style="list-style-type: none"> ● select from and use a wider range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing], accurately ● select from and use a wider range of materials and components, including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities <p>Evaluate</p> <ul style="list-style-type: none"> ● investigate and analyse a range of existing products ● evaluate their ideas and products against their own design criteria and consider the views of others to improve their work <p>Technical knowledge</p> <ul style="list-style-type: none"> ● apply their understanding of how to strengthen, stiffen and reinforce more complex structures 	<p>Design</p> <ul style="list-style-type: none"> ● use research and develop design criteria to inform the design of innovative, functional, appealing products that are fit for purpose, aimed at particular individuals or groups ● generate, develop, model and communicate their ideas through discussion, annotated sketches, cross-sectional and exploded diagrams, prototypes, pattern pieces <p>Make</p> <ul style="list-style-type: none"> ● select from and use a wider range of tools and equipment to perform practical tasks [for example, cutting, shaping, joining and finishing], accurately ● select from and use a wider range of materials and components, including construction materials, textiles and ingredients, according to their functional properties and aesthetic qualities <p>Evaluate</p> <ul style="list-style-type: none"> ● investigate and analyse a range of existing products ● evaluate their ideas and products against their own design criteria and consider the views of others to improve their work <p>Technical knowledge</p> <ul style="list-style-type: none"> ● understand and use mechanical systems in their products [for example, gears, pulleys, cams, levers and linkages] 	

Curriculum Plans for Year 3/4

Year A

Languages	French Greetings, counting to 20, age, name Days of the week Christmas	French Months Weather Easter	French Where I live Pets Avoir/etre
	<ul style="list-style-type: none"> ● listen attentively to spoken language and show understanding by joining in and responding ● explore the patterns and sounds of language through songs and rhymes and link the spelling, sound and meaning of words ● engage in conversations; ask and answer questions; express opinions and respond to those of others; seek clarification and help ● speak in sentences, using familiar vocabulary, phrases and basic language structures ● develop accurate pronunciation and intonation so that others understand when they are reading aloud or using familiar words and phrases ● present ideas and information orally to a range of audiences ● read carefully and show understanding of words, phrases and simple writing ● appreciate stories, songs, poems and rhymes in the language ● broaden their vocabulary and develop their ability to understand new words that are introduced into familiar written material, including through using a dictionary ● write phrases from memory, and adapt these to create new sentences, to express ideas clearly ● describe people, places, things and actions orally and in writing ● understand basic grammar appropriate to the language being studied, including (where relevant): feminine, masculine and neuter forms and the conjugation of high-frequency verbs; key features and patterns of the language; how to apply these, for instance, to build sentences; and how these differ from or are similar to English 		
SMSC – Incorporating PSHE, SRE and Citizenship	School Rules including health and safety Class Rules/Routines Friendships Acceptable/Unacceptable Behaviours Resilience Teamwork Tolerance Balance Lifestyles including food choices. Spiritual reflection	Feelings (extend vocabulary) Resilience Self-esteem Well being Spiritual reflection	Teamwork Resilience Emotions Asking for help Increasing independence Bullying Risks/Dangers/Hazards Spiritual reflection
