

Behaviour Policy addendum during school partial return.

In light of the need for children to behave differently when they return to school, and any new systems we have put in place to support that, an addendum to our behaviour policy has been added. Behaviour policy changes will be communicated to pupils on their return to school, parents/carers via the school website and staff before the return on 1st June. This addendum should be read in conjunction with the school Behaviour Policy.

Children should:

- Once explained, follow altered routines for arrival or departure
- Follow school instructions on hygiene, such as handwashing and sanitising
- Once explained follow instructions on which other children they can socialise with at school
- Once explained, children should move around the school as per specific instructions (for example, one-way systems, out of bounds areas, queuing)
- Once explained, children should follow expectations about sneezing, coughing, tissues and disposal ('catch it, bin it, kill it') and avoiding touching their mouth, nose and eyes with hands
- Tell an adult if you are experiencing symptoms of coronavirus
- Once explained, follow rules about sharing any equipment or other items including drinking bottles
- Once explained, follow amended expectations about breaks or play times, including where they may or may not play

- Once explained, follow the new expectations around the staggered use of toilets and staggered toilet breaks.
- Once explained, follow the clear rules about coughing or spitting at or towards any other person

As with the school Behaviour Policy, the emphasis will be on the promotion of good behaviour through, for example, rewards/praise for those children who do follow the expectations set out above. Sanctions will be proportional and measured against the circumstances the country is, in terms of a partial reopening. Reasonable adjustments will, for example, be made for students with more challenging behaviour.

It has been explained to parents/carers in the information document shared with them on Friday 22nd May,

If it is felt that a child is purposely and persistently threatening the safety of other children or staff, they will be asked to work from home.

These rules will be explained to the children clearly on 1st June and returned to on a regular basis.

This addendum will be reviewed by Governors on 1st July
